

**MURRAY STATE UNIVERSITY**

**DEPARTMENT: EDUCATIONAL STUDIES, LEADERSHIP, & COUNSELING**

**COURSE PREFIX: CNS**

**COURSE NUMBER: 722**

**CREDIT HOURS: 3**

**I. TITLE:** Substance Use and Addictions Counseling

**II. COURSE DESCRIPTION AND PREREQUISITES:**

A graduate course that provides counselors and other human service workers with an overview of the addictive process. Theories of addiction counseling and application of these theories will comprise a significant part of this course, particularly with how they apply to work with individuals, couples, families, and groups. Co-occurring disorders, such as process addictions and mental illnesses will also be addressed. Students will develop conceptual knowledge, practical skills, and self-awareness concerning the etiology of addiction, assessment strategies, wellness strategies for facilitating optimal development and preventing clinician burn-out, and diagnosis and treatment planning. This will be accomplished through assigned readings, seminar discussions, videotapes, lectures, case presentations, guest speakers, and student assignments.

**Prerequisite(s):** None

**III. COURSE OBJECTIVES:**

Class activities will be centered on the attainment of the course objectives listed below. Following each objective, and enclosed in parentheses, are numbers that reference the Council for Accreditation of Counseling & Related Education Programs (CACREP) Standards addressed by that objective. Upon successful completion of this class, students will be able to

- A. identify the major classifications of psychotropic drugs of abuse, typical routes of administration, and brief description of effects (Section II: G.3.g.);
- B. recognize the addiction and recovery processes (Section II: G.3.g., G.5.a.; Section III CMHC: C4; Section III School: G2);
- C. describe the holistic impact of addiction on clients and families and identify common and comorbid psychiatric disorders and/or process addictions (Section II: G.3.g.; Section III CMHC: C5, K3; Section III School: G2);
- D. implement a multimodal/multi-method approach to diagnosing and assessing addictive and comorbid disorders including stage of dependence/change and recovery (Section II: G.3.g. G.7.g.; Section III CMHC: G4, H4);
- E. demonstrate basic individual, group, and family counseling techniques and screenings to be used with those experiencing dysfunction related to substance use (Section II: G.5.e.; Section III CMHC: C8, G4, H4);
- F. identify treatment issues for special populations (Section II: G.2.b.; Section III CMHC: A6; Section III School: G2);
- G. identify professional issues related to substance abuse counseling (e.g., clinician wellness strategies, certification, and legal/ethical issues) (Section II: G.1.d., G.1.g., G.1.j.);
- H. identify the etiological of addiction counseling (Section II: G.5.d.; Section III CMHC: C4); and
- I. recognize the importance of research and evidenced based/informed practices in addictions counseling. (Section II: G.8.a., G.8.e.; Section III CMHC: I1; Section III School: I1).

The CAEP/EPSCB theme of diversity will be addressed via students engaging in experiential activities that promote interaction with individuals and populations struggle with addictions issues. Furthermore, this course promotes reflective decision making as students increase their self-awareness and understanding of how one's biases and judgements can affect the counseling relationship, as well as, diagnosis of substance use and process addictions.

**Diversity Statement**

**The MSU counseling faculty recognize diversity and embrace a cross-cultural approach in support of the worth, dignity, potential, and uniqueness of people within their social and cultural contexts (ACA 2014 Code of Ethics Preamble).**

**IV. CONTENT OUTLINE:**

- A. The physiology behind addiction
- B. The psychological foundations that often accompany addiction
- C. The difference between use, abuse, and addiction
- D. The family system of addiction, including co-dependent behaviors
- E. The categories of drugs

- F. The types of addiction and how they are similar and different: alcohol, tobacco, pornography, illicit drugs, video-games, prescription drugs, gambling, and sex
- G. Cultural components of addiction
- H. Treatment and relapse prevention (e.g. utilizing Motivational Interviewing, Functional Family Therapy)

**V. INSTRUCTIONAL ACTIVITIES:**

- A. Lecture
- B. Class participation/discussion
- C. Small group activities
- D. Movie clips
- E. Papers/Tests/Quizzes
- F. Presentations
- G. Experiential Exercises

**VI. FIELD, CLINICAL, AND/OR LABORATORY EXPERIENCES:**

Attendance at 12-Step Meetings

**VII. TEXT AND RESOURCES:**

A. Required Text:

**VIII. EVALUATION AND GRADING PROCEDURES:**

## A. Course Requirements:

Abstinence Exercise and Paper	(3 parts, 100 total)
Letter to My Substance	23 points
Abstinence Log Summaries	54 points
Summary Paper	23 points
Attendance at 12 Step Meetings	(2 parts, 100 total)
Attendance Log	30 points
Summary Paper	70 points
Addictions Presentation	100 points
Addiction Presentation Feedback	15 points
Addictions Counseling in the Movies	100 points
Quiz	20 points
Test	50 points
Attendance & Participation	100 points
<b>Total</b>	<b>585 points</b>

Assignments should be handed in timely. **There will be penalty for late submission of one point for each day the assignment is late.** Students may appeal in writing before the due date, not after. Assignments that are more than one week late will not be accepted and will result in a failing grade.

## B. Grading Scale

- A = 90-100%
- B = 80-89%
- C = 70-79%
- D = 60-69%
- E = 0-59%

1) **Abstinence Exercise and Paper** (CACREP Standards Section II: G.1.d., G.5.a.; Section III: CMHC C4, C8)

This exercise is designed to help you experience some of the feelings/thoughts that addicted individuals experience when they stop their drug or behavior of choice. This exercise requires that you give up a substance (e.g., nicotine, caffeine, or alcohol) or a behavior (e.g., Internet use, eating sweets, playing video/computer games, watching television, or cell-phone usage) for a period of **6 weeks**. For those of you who have difficulty identifying a substance or behavior, please contact me so we can discuss what might be a challenge for you to give up for this time period.

During this assignment you will (a) write an introductory **letter to your substance/behavior**, (b) keep an **abstinence log** of your experiences, and (c) write a **summary paper** which will serve as the conclusion to the 6 week exercise. This assignment will have the following components:

**A “Letter to my Substance/Behavior” (23 points)**– written in the first person to the substance/behavior from which you are abstaining, will be due before the abstinence period begins. *Remember to express your emotions towards the substance/behavior and why you want to sever the relationship.* Your model of etiology should be clear in your letter (i.e. you are a disease that I cannot control i.e., disease model). Also describe in your letter how you plan to pull on your social, familial, and/or community supports throughout this process. In addition, include a wellness/self-care plan for how you plan to take care of yourself during this experience. **Due 9/2/15**

**An abstinence log – (54 points)** This log will describe your feelings and reactions, especially focusing on times you “lapse” or experience temptation. It is especially important to indicate times when it was both difficult and easy to abstain, as well as those specific circumstances during which you “slipped” (birthdays, holidays, and weekends seem especially difficult). Although daily entries into the log are not required, they might be helpful. The log needs to be computer generated (**a minimum of half a page per entry**) and should have a **minimum of three entries per week**. There will be a minimum of eighteen entries in all. These will be due on a weekly basis. **Due 9/9; 9/16; 9/23; 9/30; 10/7; and 10/14**

**A summary paper – (23 points)** This is to be a *minimum* two to three page paper describing the abstinence experience (e.g., did you succeed or fail, what influenced you, what was the process for you, what did you do to take care of yourself during this project, etc.) and will serve as the conclusion to your overall experience.  
**Due 10/21/15**

**Note:** This paper should be in APA format.

2) **Addiction Presentation (100 points)** (CACREP Section II: G.1.j., G.7.b., G.8.a., G.8.e; Section III: CMHC C5, G4, I1; Section III: SCHOOL I1)

You are to choose and present on one of the drug groups or process addiction groups shown below. Presentations are to last 15-20 min. You can use handouts, power point, video, and/or DVDs. I want you to present the information as if you are an expert, so *you are discouraged from reading to us*. A confidential group member evaluation will be completed by each member of the group to help encourage equal participation. You are to provide handouts with the information you are presenting and the list of references you used to obtain your information. Profession journal articles are most valued (and should be published within the last 10 years) followed by academic books. Unauthenticated internet sources will not be allowed. **Due 10/28/15 (Murray); 11/11/15 (Madisonville)**

Groups:

- Opioids including Heroin, oxycontin, and prescription pain killers
- Cannabinoids including marijuana & hashish
- Hallucinogens including LSD, mushrooms, XTC
- Depressants including barbiturates and anxiolytics (prescription and illicit)
- Stimulants including amphetamines that are prescription, OTC and illicit
- Nicotine
- Alcohol
- Inhalants
- Gambling
- Sexual Addiction
- Food addiction and disordered eating
- Gaming
- Compulsive buying
- Work addiction

Presentations should include:

- Description, street names, and the names that people use to describe engaging in its use (if applicable). If process addiction provide description and any alternative names for the addiction.,
- The forms it comes in (if applicable),
- How it is administered (if applicable),
- Who uses/participates it (gender, age, ethnicity, region),
- The course of addiction (how it starts and how it progresses to dependence),
- The cognitive effects,
- The affective/emotional, cognitive, and physical effects
- If there are intergenerational genetic or psychosocial traits related to addiction,
- How is the addiction assessed (screening tools, assessments, testing),
- Does the addiction mimic and/or exist with other medical/psychological disorders,
- What type of treatment is indicated,
- What type of family support is indicated,
- Withdrawal symptoms and complications,
- Are there any evidenced-based practices for treatment (if so, describe and give references of journal articles),
- Are there any assessment tools related to this process or substance addiction,
- What are the roles, functions, and professional credentials required of the counselors working with this population,
- What are the community resources for this (local contact names and phone numbers),
- What are the ethical considerations related to treating this population, and
- What type of services would be recommended (family, group, individual)
- Provide a list of references used to obtain your information.

**Addictions Presentation Feedback (15 points)** You are required to provide feedback for each of your peers regarding their Addiction Presentation. You will identify three aspects that you resonated with, two that you did not think fit well with you, and one aspect that you are questioning/is left unanswered. **Due 10/28/15 (Murray); 11/11/15 (Madisonville)**

- 3) **Attendance at 12-Step Meetings** (CACREP Section II: G.1.b., G.2.b., G.3.g.; Section III: CMHC C4, C8) As part of your class experience, you are required to attend **three different** "Open" 12-Step meetings. You may attend any of the groups below or any other 12-Step meeting approved by the professor. **Due 11/4/15**

- Al-Anon: <http://www.al-anon.alateen.org/meetings/meeting.html>
- Alcoholics Anonymous: [http://www.alcoholics-anonymous.org/en\\_find\\_meeting.cfm?PageID=29](http://www.alcoholics-anonymous.org/en_find_meeting.cfm?PageID=29)
- Celebrate Recovery: <http://www.celebraterecovery.com/global.shtml>
- Codependents Anonymous: <http://www.codependents.org/meeting-search-english.php>
- Emotions Anonymous <http://allone.com/12/ea/>
- Gamblers Anonymous: <http://www.gamblersanonymous.org/mtgdirTOP.html>
- Nar-Anon: <http://nar-anon.org/naranongroups.htm>
- Narcotics Anonymous: <http://portaltools.na.org/portaltools/MeetingLoc/>
- Overeaters Anonymous: [http://www.oa.org/all\\_about\\_meetings.htm](http://www.oa.org/all_about_meetings.htm)
- Sexaholics Anonymous: <http://www.sa.org/top/United%20States%20of%20America/>
- SMART Recovery: [http://www.smartrecovery.org/meetings\\_db/view/](http://www.smartrecovery.org/meetings_db/view/)

**Note: All Meetings are "closed meetings"** (for those that are addicted) **unless "O" (open) is indicated. Only attend Open meetings unless you meet the necessary criteria.**

Part of this assignment will also include your briefly speaking with at least one member at each group attended (the chairperson/leader is usually an easy person to talk to). Keep a log of your experiences at each meeting (to include what you learned from speaking with the group member). ***I suggest you attend in the company of one of your classmates.*** This assignment will have the following components:

**An attendance log – (30 points)** This log will record your attendance at three 12-step meetings, focusing on your thoughts and feelings (a) before the meeting, (b) during the meeting, and (c) following the meeting. Include what you learned by briefly speaking with at least one member at each group attended. There will be three entries in all, each a minimum of one page per entry.

**A summary paper – (70 points)** The paper should start with an introduction that provides an overview of the three meetings that you attended. This is to be a **minimum five to six page paper** describing (a) your overall thoughts and feelings about the meetings you attended, (b) what influenced your thoughts and feelings, and (c) what this exercise has taught you about what clients might experience. In addition, describe the cultural diversity you experienced at each of the meetings, what you noticed about the role of the group leader, and the etiology of addiction that you witnessed each of the leaders or group members utilizing.

**Note:** This paper should be in APA format.

- 4) **Addictions Counseling in the Movies Paper: (50 points)** (CACREP Section II: G.2.d., G.3.g., G.5.a., G.5.c., G.5.d., G.8.e., G.8.f; Section III: CMHC A6, C4, C5, D8, G4, H4, I1, K3; Section III: SCHOOL I1) Utilizing one of the following movies (*When a Man Loves a Women*, or *Flight*), write a paper (APA Style 6<sup>th</sup> ed., 5-7 pages, not including title page, abstract, and references) that describes the character's presenting issues, how the client is conceptualized, how you could incorporate wellness into your work with the client, and what type of interventions and screenings would be used to work with this character in accordance with guidelines learned in class and a chosen theory. Ensure that theoretical constructs such as nature of humans, personality development, nature of maladjustment, role of the counselor, and specific interventions related to substance use and addictions counseling are included in the paper. Include the model of etiology that you believe is most useful when working with your client. In addition, be sure to include relevant research, the client's stage of dependence and level of care needed, and interventions and community strategies that you could utilize with diverse populations. Lastly, describe any co-occurring diagnosis that may be warranted and any medical issues that may co-exist or mimic the diagnosis. **Due 11/18/15**
- 5) **Attendance and Participation (100 points)**  
Participation includes, but not limited to, application of the techniques/knowledge/skills learned so far, giving and

receiving feedback, discussing, role playing, analyzing case studies, and sharing personal experiences.

Attendance is paramount and sessions cannot be substituted by papers or reading. **Given that this course is hybrid in format and that we will only meet 5 times throughout the semester, you are not permitted to miss class. There is the potential to visit the Murray or Madisonville campus on their day of class to make up for missing; however, you will need to receive permission to do so prior to missing class.**

6) **Test/Quiz/Assignment (Quiz=20 points, Test= 50 points)** (CACREP Section II: G.1.g, G.2.b., Section III: CMHC A6, C4, C8, G4, K3; Section III: SCHOOL G2)

The Quiz and Exam may consist of multiple-choice, true-false, and short answer format. The quiz and exam will cover the material (i.e. information from the text, workbooks, lecture, etc.) presented during the semester. The quiz and exam will be completed via Canvas and will be timed. **Quiz: Due 9/30/15, Test Due 12/2/15**

**Additional Notes on assignments:**

- A. For each paper be ready to have a class discussion about the subject matter.
- B. Concerning the assignments, this syllabus is subject to change throughout the course of the semester. Updated versions of the syllabus will be posted on Canvas.
- C. All papers will be written in APA format. If you have questions about formatting, refer to the sample and power point instructions.
- D. All assignments will be posted to Canvas, unless otherwise stated in the syllabus or in class. When uploaded assignments save in the following format **pender\_rebecca\_nameofassignment**.
- E. *Policy on late assignments:* If an assignment is late, 1 point will be deducted for each day the assignment is late. If you have difficulty turning in your assignment on time, contact the instructor PRIOR to the due date of the assignment. Otherwise, points will be taken off for the assignment being late. Late assignments must be submitted by the next class period and therefore will not be accepted if more than one week late.

**IX. ATTENDANCE POLICY:**

Students are expected to adhere to the MSU Attendance Policy outlined in the current *MSU Bulletin*.

CNS 722 is a didactic as well as experiential and skills-based course. Experiential means in-class participation. Participation includes, but not limited to, application of the learned concepts and techniques, observing others, giving and receiving feedback, discussing, role playing, analyzing case studies, and sharing experiences. Attendance is paramount and sessions cannot be substituted by papers or reading. **Given that this course is hybrid in format and that we will only meet 5 times throughout the semester, you are not permitted to miss class. There is the potential to visit the Murray or Madisonville campus on their day of class to make up for missing; however, you will need to receive permission to do so prior to missing class.**

**X. ACADEMIC HONESTY POLICY:**

Murray State University takes seriously its moral and educational obligation to maintain high standards of academic honesty and ethical behavior. Instructors are expected to evaluate students' academic achievements accurately, as well as ascertain that work submitted by students is authentic and the result of their own efforts, and consistent with established academic standards. Students are obligated to respect and abide by the basic standards of personal and professional integrity.

**Violations of Academic Honesty include:**

**Cheating** - Intentionally using or attempting to use unauthorized information such as books, notes, study aids, or other electronic, online, or digital devices in any academic exercise; as well as unauthorized communication of information by any means to or from others during any academic exercise.

**Fabrication and Falsification** - Intentional alteration or invention of any information or citation in an academic exercise. Falsification involves changing information whereas fabrication involves inventing or counterfeiting information.

**Multiple Submission** - The submission of substantial portions of the same academic work, including oral reports, for credit more than once without authorization from the instructor.

**Plagiarism** - Intentionally or knowingly representing the words, ideas, creative work, or data of someone else as one's own in any academic exercise, without due and proper acknowledgement.

Instructors should outline their expectations that may go beyond the scope of this policy at the beginning of each course and identify such expectations and restrictions in the course syllabus. When an instructor receives evidence, either directly or indirectly, of academic dishonesty, he or she should investigate the instance. The faculty member should then take appropriate disciplinary action.

Disciplinary action may include, but is not limited to the following:

- 1) Requiring the student(s) to repeat the exercise or do additional related exercise(s).
- 2) Lowering the grade or failing the student(s) on the particular exercise(s) involved.
- 3) Lowering the grade or failing the student(s) in the course.

**If the disciplinary action results in the awarding of a grade of E in the course, the student(s) may not drop the course.**

Faculty reserve the right to invalidate any exercise or other evaluative measures if substantial evidence exists that the integrity of the exercise has been compromised. Faculty also reserve the right to document in the course syllabi further academic honesty policy elements related to the individual disciplines.

A student may appeal the decision of the faculty member with the department chair in writing within five working days. Note: If, at any point in this process, the student alleges that actions have taken place that may be in violation of the Murray State University Non-Discrimination Statement, this process must be suspended and the matter be directed to the Office of Equal Opportunity. Any appeal will be forwarded to the appropriate university committee as determined by the Provost.

## XI. NON-DISCRIMINATION POLICY AND STUDENTS WITH DISABILITIES:

### Policy Statement

Murray State University endorses the intent of all federal and state laws created to prohibit discrimination. Murray State University does not discriminate on the basis of race, color, national origin, gender, sexual orientation, religion, age, veteran status, or disability in employment, admissions, or the provision of services and provides, upon request, reasonable accommodation including auxiliary aids and services necessary to afford individuals with disabilities equal access to participate in all programs and activities. For more information, contact the Executive Director of Institutional Diversity, Equity and Access, 103 Wells Hall, (270) 809-3155 (voice), (270) 809-3361 (TDD).

### Students with Disabilities

Students requiring special assistance due to a disability should visit the Office of Student Disability Services immediately for assistance with accommodations. For more information, students should contact the Office of Student Disability Services, 423 Wells Hall, Murray, KY 42071. 270-809-2018 (voice) 270-809-5889(TDD).

### Course Specifics for CNS 722 (Fall 2015)

**Instructor:** Dr. Rebecca L. Pender Baum, Ph.D., LPCC (KY), NCC  
**Telephone:** 270-809-6905  
**Office:** Alexander Hall 3220  
**E-Mail:** rpender@murraystate.edu

**Office Hours:** Monday 11:00 am – 2:00 pm  
 Tuesday 12:00 pm – 2:00 pm  
 Wednesday 11:00 am – 2:00 pm  
 Thursday 12:00 pm – 2:00 pm

**Format:** Hybrid

**Meeting Days:** Wednesday

**Meeting Times:** 5 pm – 8 pm

**Location:** Murray: AL 2210  
 Madisonville John Gray Building 210

### CACREP Counseling Program Specifics for CNS 722

Clinical Mental Health Counseling Objectives		Assessment
Foundations A6	Recognizes the potential for substance use disorders to mimic and coexist with a variety of medical and psychological disorders.	Movie Paper, Presentation, Quizzes & Tests, Class discussion
Counseling, Prevention, and Intervention C4	Knows the disease concept and etiology of addiction and co-occurring disorders.	Abstinence Exercise, Movie Paper, Attendance at 12-Step Meetings, Presentation, Quizzes & Tests, Class discussion

Counseling, Prevention, and Intervention C5	Understands the range of mental health service delivery-such as inpatient, outpatient, partial treatment and aftercare-and the clinical mental health counseling services network.	Attendance at 12-Step Meetings, Abstinence Project, Movie Paper, Quizzes & Tests, Class discussion
Counseling, Prevention, and Intervention C8	Recognizes the importance of family, social networks, and community systems in the treatment of mental and emotional disorders.	Attendance at 12-Step Meetings, Abstinence Project, Movie Paper, Quizzes and Tests, Class discussion
Counseling, Prevention, and Intervention D8	Provides appropriate counseling strategies when working with clients with addiction and co-occurring disorders.	Movie Paper, Quizzes & Tests, Class discussion
Assessment G4	Identifies standard screening and assessment instruments for substance use disorders and process addictions.	Presentation, Movie Paper, Quizzes & Tests, Class discussion
Assessment H4	Applies the assessment of a client's stage of dependence, change, or recovery to determine the appropriate treatment modality and placement criteria within the continuum of care.	Movie Paper, Quizzes and Tests, Class discussion
Research and Evaluation I1	Understands how to critically evaluate research relevant to the practice of clinical mental health counseling.	Presentation, Movie Paper, Quizzes & Tests, Class discussion
Diagnosis K3	Knows the impact of co-occurring substance use disorders on medical and psychological disorders.	Presentation, Movie Paper, Quizzes and Tests, Step Meeting, Class discussion
<b>School Counseling Objectives</b>		<b>Assessment</b>
Assessment G2	Knows the signs and symptoms of substance abuse in children and adolescents, as well as the signs and symptoms of living in a home where substance abuse occurs.	Quizzes & Tests, Class discussion
Research and Evaluation I1	Understands how to critically evaluate research relevant to the practice of school counseling.	Presentation, Movie Papers, Class discussion
