

DEPARTMENT: EDUCATIONAL STUDIES, LEADERSHIP & COUNSELING

COURSE PREFIX: CNS

COURSE NUMBER: 752

CREDIT HOURS: 3

I. TITLE: Trauma and Crisis Counseling

II. COURSE DESCRIPTION AND PREREQUISITE(S):

An examination of diverse trauma and crisis situations used by counselors to assist individuals, groups, and organizations experiencing crisis and/or trauma. Course will include an overview of roles and responsibilities of counselors in crisis intervention. Assessment and case management for crisis and traumatic situations in educational, community agency, medical, emergency management, and human resources settings will be explored.

Prerequisite(s): none

III. COURSE OBJECTIVES:

Class activities will be centered on the attainment of the course objectives listed below. Following each objective, and enclosed in parentheses, are numbers that reference the Council for Accreditation of Counseling & Related Education Programs (CACREP) Standards addressed by that objective. Upon successful completion of this class, students will be able to

- A. explain and apply the ACA *Code of Ethics* in crisis/trauma situations and demonstrate triage, risk assessment, and diagnosis of individuals in crisis or experiencing trauma (CACREP Section II: G.1.j., G.3.c., G.5.b., G.5.c.; Section III CMHC: A2, B1, D6, K5, L3; SC: D4);
- B. demonstrate knowledge of various crisis/trauma situations and appropriate interventions and conduct counseling session with individuals in crisis in various settings (phone, in the field, at an agency, or in a school). (CACREP Section II: G.5.c., G.5.g.; Section III CMHC: C5, D6);
- C. identify professional roles, responsibilities, and functions of counselors working with persons experiencing trauma or crisis situations and the emergency operations for agency and school counselors in relation to crisis and trauma counseling and Demonstrate counselors role in interdisciplinary emergency management teams (CACREP Section II: G.1.b., G.1.c.; Section III CMHC: A10; SC: A7);
- D. understand ethical standards and issues related to crisis/trauma counseling (CACREP Section II: G.1.j.; Section III CMHC: A2);
- E. identify cultural considerations, strategies for workings with diverse populations, and self-awareness in crisis/trauma counseling (CACREP Section II: G.2.b., G.2.e.; Section III CMHC: C6);
- F. understand the impact of trauma/crisis on individuals at varying developmental levels and develop safety plans, policies, and procedures for clients, self and other professionals, and bystanders (CACREP Section II: G.3.C.; Section III CMHC: A9, C6, D6, L3; SC: C6);
- G. identify models of wellness and resilience in trauma/crisis counseling (CACREP Section II: G.3.d.; Section III CMHC: C6, D5);
- H. develop awareness of theories, interventions, and techniques in crisis/trauma counseling (CACREP Section II: G.3.d., G.5.c., G.5.g.; Section III CMHC: C6);
- I. recognize evidenced informed practice and importance of research in crisis/trauma counseling (CACREP Section II: G.8.e.; Section III CMHC: K5, L3); and
- J. demonstrate knowledge of PTSD and other clinical symptoms and diagnosis often associated with trauma, as well as, conduct risk assessments for suicidal/homicidal ideation (CACREP Section II: G.1.b., G.1.c., G.5.c.; Section III CMHC: K5, L3; SC: D4).

The MSU counseling faculty recognize diversity and embrace a cross-cultural approach in support of the worth, dignity, potential, and uniqueness of people within their social and cultural contexts (ACA 2014 Code of Ethics Preamble).

VIII. EVALUATION AND GRADING PROCEDURES:

A. COURSE ASSIGNMENTS

Self-Care Plan	50 points
Movie Crisis Paper	100 points
Reflection Papers	25 points each, 50 total
Psychological First Aid Training	100 points
Crisis Intervention Video and Handout	100 points
Attendance	100 points
Total	500 points

Assignments should be submitted in a timely manner. **Late Assignments will not be accepted**

B. Grading Scale:

- A = 90-100%
- B = 80-89%
- C = 70-79%
- D = 60-69%
- E = 0-59%

NOTE: It is important to note that students who demonstrate personal limitations that might impede future performance, or consciously violate ethical standards and/or are ineffective, will not receive instructor endorsement to continue in clinical courses.

1) Self-Care Plan (50 points) (CACREP Section II: G.1.d.; Section III CMHC: A9) Every mental health professional needs and deserves to establish routines of self-care. With that in mind, I am wondering what *your* routines of self-care entail . . . Here are some questions for you to consider:

- How does your stress manifest in you physically? Mentally? Emotionally? Spiritually?
- When are you at your best physically? Mentally? Emotionally? Spiritually?
- When are you at your worst?
- What are your personal limits?
- What are the personal factors and experiences in your life that have most affected your work?
- What are the professional experiences and factors that have most affected your personal life?

Every mental health professional has vulnerabilities, weaknesses, and needs. After you have answered the above questions, take time to identify your vulnerabilities, weaknesses, and needs. Then develop a self-care plan that addresses how you plan to address your mental, emotional and spiritual (if relevant) needs during times of stress. Due 6/2/15

2) Psychological First Aid Training (PFA) (100 points) (CACREP Section II: G.5.g.)

Students will complete the Psychological First Aid training offered online through the National Child Traumatic Stress Network. Go to <http://www.nctsn.org/content/psychological-first-aid>. Scroll down to the bottom and click Enroll in PFA Online. It is a 6-hour interactive course (though it did not take me the full 6 hours). Once you have

completed the training you will receive a certificate of completion. Simply upload the certificate the get your points.
Due: 6/25/15 **Please note, it would be beneficial to complete this assignment prior to writing your movie paper, as you must address PFA in that assignment.*

- 3) Movie Crisis Paper (100 points)** (CACREP Section II: G.2.b., G.3.c., G.5.c., G.5.g., G.8.e., Section III: A9, C6, D6, I1, K5, L3; SC: C6, D4) Watch a movie from the “selected list” or with prior approval of the instructor. Write a 4-6 page paper, not including title page, references, and abstract, in APA (sixth ed.) style. Identify: (1) who is in crisis (may be more than one, but primary one), (2) the nature of the crisis, (3) the course of the crisis (impact on client, family, community), (4) a apply crisis intervention model including the use of psychological first aid, (5) identify potential resources needed, (6) discuss the person’s attempt at coping with the crisis (whether effective or not), and (7) identify a list of potential issues that the person might need to address if referred for counseling, including issues related to developmental level – and why (8) identify if this person would meet criteria for a diagnosis and if so which one(s) and is it developmentally appropriate (9) complete a risk assessment and 10) identify any evidenced based practices that might be utilized when working with this client. Minimum of four professional peer reviewed journal articles are required to support aspects of the paper and must be published within the last 10 years. Articles must be included with the paper. **Due 6/18/15**
- 4) Reflection Papers (25 points each, 50 total).** (CACREP Section II: G.2.e., G.5.b., Section III: CMHC A9, C5, D6) Personal reflection papers are an opportunity for you to reflect on your thoughts and emotions about the readings and/or class (e.g., lecture, activities, speakers, etc.) and are an avenue for personal and professional growth. Effective crisis intervention requires that you must know yourself and what personal “issues” that might come up for you. They are not research papers and do not require a trip to the library or academic citations, unless appropriate. Instead, they are about you and your emotional reactions as you look inside yourself and struggle to tolerate more anxiety and to accept life on life’s terms—to develop greater integrity. These are designed to identify and explore personal attitudes, values, and behaviors that can impede or enhance the counseling experience with your clients. They will be graded on both quality and quantity of self-reflection. Do not just cognitively discuss what we covered in class. Papers should be 2-3 pages, not including title page, abstract, and references and written in APA style. **Due 6/9/15 and 6/23/13**
- 5) Crisis Intervention Demonstration Video and Handout – Group Assignment (100 points)** (CACREP Section II: G.1.c., G.5.g.; Section III: A9, A10, I1; SC: A7)
- Form groups of 3-4 people. Submit names of your “crisis team” at the end of first class.
 - Find a video of a real life crisis situation (it can be several shorter video clips). Examples include school/workplace shootings, bombings, natural disasters etc.
 - Develop a script for the crisis situation including what the situation is and what personnel would be needed to address the situation (EMS, firefighters, police, counselors, social workers, psychologists, nurses, hospital staff etc).
 - As part of script development, team members must find appropriate professional references (minimum of 1 per group member) plus the text and lecture notes to clearly identify specific issues, concerns, ethical issues and appropriate interventions.
 - Each group will present the video to the class as if the class were a consultation team and provide appropriate discussion of key factors related to crisis intervention. Every member of the group must be actively involved in the presentation.
 - After the discussion regarding the crisis situation, you will demonstrate how you would work as part of an interdisciplinary emergency management team (either in an agency or school system). In essence, you will role play as if the situation has occurred and how you would respond (with the various roles/personnel identified).
 - You will demonstrate the use of crisis and/or suicide prevention models (including but not limited to psychological first aid).
 - Presentations must include power point.
 - Handouts that educate the class must also be provided, including a reference page that identifies the person who was responsible for that particular reference.
 - Total time for each presentation will be approximately 1 hour (including about 10 minutes for processing the activity), but final allocation will be determined by the number of groups.
 - Written materials associated with your presentation and a copy of your power point slides must be submitted to the instructor by the 4th week of class.
 - After the presentation, the class will discuss the strengths of the intervention team as well as things we may have done differently. **Due 6/25/15**

Additional Notes on Assignments:

- For each paper be ready to have a class discussion about the subject matter.
- Concerning the assignments, this syllabus is subject to change throughout the course of the semester. Updated versions of the syllabus will be posted on Canvas.
- All papers will be written in APA format.
- All assignments will be posted to Canvas, unless otherwise stated in the syllabus or in class. When uploaded assignments save in the following format **pender_rebecca_nameofassignment**.
- *Policy on late assignments*: Due to the fast pace of this summer course, late assignments will not be accepted.

IX. ATTENDANCE POLICY:

Students are expected to adhere to the MSU Attendance Policy outlined in the current *MSU Bulletin*. Additionally, students are expected to be on time for class. Tardiness and/or missed classes can result in a drop in letter grade. Cell phones will need to be off. If you anticipate a situation that requires your immediate attention, put your phone to vibrate.

X. ACADEMIC HONESTY POLICY:

Murray State University takes seriously its moral and educational obligation to maintain high standards of academic honesty and ethical behavior. Instructors are expected to evaluate students' academic achievements accurately, as well as ascertain that work submitted by students is authentic and the result of their own efforts, and consistent with established academic standards. Students are obligated to respect and abide by the basic standards of personal and professional integrity.

Violations of Academic Honesty include:

Cheating - Intentionally using or attempting to use unauthorized information such as books, notes, study aids, or other electronic, online, or digital devices in any academic exercise; as well as unauthorized communication of information by any means to or from others during any academic exercise.

Fabrication and Falsification - Intentional alteration or invention of any information or citation in an academic exercise. Falsification involves changing information whereas fabrication involves inventing or counterfeiting information.

Multiple Submission - The submission of substantial portions of the same academic work, including oral reports, for credit more than once without authorization from the instructor.

Plagiarism - Intentionally or knowingly representing the words, ideas, creative work, or data of someone else as one's own in any academic exercise, without due and proper acknowledgement.

Instructors should outline their expectations that may go beyond the scope of this policy at the beginning of each course and identify such expectations and restrictions in the course syllabus. When an instructor receives evidence, either directly or indirectly, of academic dishonesty, he or she should investigate the instance. The faculty member should then take appropriate disciplinary action.

Disciplinary action may include, but is not limited to the following:

- 1) Requiring the student(s) to repeat the exercise or do additional related exercise(s).
- 2) Lowering the grade or failing the student(s) on the particular exercise(s) involved.
- 3) Lowering the grade or failing the student(s) in the course.

If the disciplinary action results in the awarding of a grade of E in the course, the student(s) may not drop the course.

Faculty reserve the right to invalidate any exercise or other evaluative measures if substantial evidence exists that the integrity of the exercise has been compromised. Faculty also reserve the right to document in the course syllabi further academic honesty policy elements related to the individual disciplines.

A student may appeal the decision of the faculty member with the department chair in writing within five working days. Note: If, at any point in this process, the student alleges that actions have taken place that may be in violation of the Murray State University Non-Discrimination Statement, this process must be suspended and the matter be directed to the Office of Institutional Diversity, Equity and Access. Any appeal will be forwarded to the appropriate university committee as determined by the Provost.

XI. NON-DISCRIMINATION POLICY AND STUDENTS WITH DISABILITIES:

Policy Statement

Murray State University endorses the intent of all federal and state laws created to prohibit discrimination. Murray State University does not discriminate on the basis of race, color, national origin, gender, sexual orientation, religion, age, veteran status, or disability in employment, admissions, or the provision of services and provides, upon request, reasonable accommodation including auxiliary aids and services necessary to afford individuals with disabilities equal
