DEPARTMENT: MATHEMATICS AND STATISTICS

COURSE PREFIX: MAT COURSE NUMBER: 517 CREDIT HOURS: 3

I. **TITLE:** Foundations of Geometry

II. **COURSE DESCRIPTION AND PREREQUISITE(S):** Study of postulate systems for geometry, critical examination of Euclid's Elements, introduction to non-Euclidean geometry.

Prerequisite(s): MAT 309 or permission of instructor

III. **COURSE OBJECTIVES:**

The intent of this course is twofold. The first is to revisit the students' current understanding of geometry and put it on a solid mathematical foundation. The second is to broaden the students' horizons by introducing them to Non-Euclidean geometries. As a result, students should

- A. be able to distinguish between axioms and theorems,
- B. be able to write direct arguments,
- C. be able to write indirect arguments, and
- D. be able to determine what type of geometry a theorem belongs to and why.

IV. **CONTENT OUTLINE:**

- A. Axiomatic systems and their properties
- B. Neutral geometry
- C. Euclidean geometry
- D. Non-Euclidean geometry

V. **INSTRUCTIONAL ACTIVITIES:**

Instruction will include lecture, full class discussion, and student presentations.

VI. **FIELD, CLINICAL, AND/OR LABORATORY EXPERIENCES:**

None

VII. **TEXT(S) AND RESOURCES:**

Roads to Geometry 3rd edition, by Edward C. Wallace and Stephen F. West. Pearson Education, Inc. ISBN 0-13-041396-8

VIII. **EVALUATION AND GRADING PROCEDURES:**

A. These are instructor specific, based on Exams, Homework, Quizzes, Projects, and the Final Exam. However the grading scale is standard.

Grading Scale:

90 - 100 % A

80 - 89 % B

70 - 79 %	C
60 - 69 %	D
Below 60%	E

- B. Auditing:** If you seek to change your status to audit, you must continue to do all the graded assignments, to attend classes regularly after the audit is given, to miss no more than 5 class periods after the audit is given, and to maintain a grade of at least 70% of the grade they had upon taking the Audit. If these requirements are not followed, then an “E” will be earned for this course.

IX. ATTENDANCE POLICY:

Students are expected to adhere to the MSU Attendance Policy outlined in the current *MSU Bulletin*.

X. ACADEMIC HONESTY POLICY:

Murray State University takes seriously its moral and educational obligation to maintain high standards of academic honesty and ethical behavior. Instructors are expected to evaluate students’ academic achievements accurately, as well as ascertain that work submitted by students is authentic and the result of their own efforts, and consistent with established academic standards. Students are obligated to respect and abide by the basic standards of personal and professional integrity.

Violations of Academic Honesty include:

Cheating - Intentionally using or attempting to use unauthorized information such as books, notes, study aids, or other electronic, online, or digital devices in any academic exercise; as well as unauthorized communication of information by any means to or from others during any academic exercise.

Fabrication and Falsification - Intentional alteration or invention of any information or citation in an academic exercise. Falsification involves changing information whereas fabrication involves inventing or counterfeiting information.

Multiple Submission - The submission of substantial portions of the same academic work, including oral reports, for credit more than once without authorization from the instructor.

Plagiarism - Intentionally or knowingly representing the words, ideas, creative work, or data of someone else as one’s own in any academic exercise, without due and proper acknowledgement.

Instructors should outline their expectations that may go beyond the scope of this policy at the beginning of each course and identify such expectations and restrictions in the course syllabus. When an instructor receives evidence, either directly or indirectly, of academic dishonesty, he or she should investigate the instance. The faculty member should then take appropriate disciplinary action.

Disciplinary action may include, but is not limited to the following:

- 1) Requiring the student(s) to repeat the exercise or do additional related exercise(s).
- 2) Lowering the grade or failing the student(s) on the particular exercise(s) involved.

3) Lowering the grade or failing the student(s) in the course.

If the disciplinary action results in the awarding of a grade of E in the course, the student(s) may not drop the course.

Faculty reserve the right to invalidate any exercise or other evaluative measures if substantial evidence exists that the integrity of the exercise has been compromised. Faculty also reserve the right to document in the course syllabi further academic honesty policy elements related to the individual disciplines.

A student may appeal the decision of the faculty member with the department chair in writing within five working days. Note: If, at any point in this process, the student alleges that actions have taken place that may be in violation of the Murray State University Non-Discrimination Statement, this process must be suspended and the matter be directed to the Office of Equal Opportunity. Any appeal will be forwarded to the appropriate university committee as determined by the Provost.
