I. TITLE: Instructional Techniques for Children and Youth with Mild Disabilities

II. COURSE DESCRIPTION AND PREREQUISITE(S):
Course content focuses on instructional techniques requisite for the development of an individualized educational program (IEP) for children and youth with mild disabilities. Specific methods, media and materials in the areas of reading, writing, math, and problem solving will be examined. Students will learn to develop a sequence of instruction from the student’s present level of performance to annual goals matching instruction to the student’s learning style.
Prerequisites: SED 603 and 605

III. COURSE OBJECTIVES:
Class activities will be centered on the attainment of the course objectives listed below. These objectives are understood to be reflective of, but not limited to those behaviors aligned with the Kentucky Core Academic Standards (KCAS), Characteristics of Highly Effective Teaching and Learning (CHETL), and Assessment Literacy. Following each objective, and enclosed in parentheses, are numbers which reference the Kentucky Teacher Standards for Preparation and Certification (KTS) and CHETL standards addressed by that objective. Upon successful completion of the course, the student will demonstrate
A. various instructional strategies that are effective for students with mild disabilities in the areas of oral language, word identification, reading fluency, reading comprehension, mathematics, social skills, and study skills (KTS #1, 2, 3, 4; CHETL #5);
B. knowledge of approaches used to manage the physical environment of the school (KTS #4; CHETL #1);
C. knowledge of techniques for constructing and modifying instructional materials to meet the needs of students with mild disabilities (KTS #5, 7; CHETL #3);
D. knowledge of methods of appropriately utilizing paraprofessionals, volunteers, and peer tutors in special education settings (KTS #5; CHETL #4);
E. knowledge of the procedures for mainstreaming, collaboration, and inclusion of students with disabilities (KTS #1; CHETL #1, 2); and
F. write professionally for the field of special education (KTS #1; CHETL #2).

The COE Theme of Educator as Reflective Decision-Maker is addressed in this course by requiring students to reflect on different strategies for teaching content area subjects.

The EPSB Themes of Diversity, Literacy/Reading, and Closing the Achievement Gap are explored in this class. Students will explore different teaching strategies and how they can be applied to students with mild disabilities to enhance their learning.

Learned societies from each discipline should be referenced by the pre-service/in-service
teacher. Kentucky documents, including SB1 Initiatives (e.g., Kentucky Core Academic Standards and Characteristics of Highly Effective Teaching and Learning) will be resources for all teacher candidates.

X. ACADEMIC HONESTY POLICY:
Murray State University takes seriously its moral and educational obligation to maintain high standards of academic honesty and ethical behavior. Instructors are expected to evaluate students’ academic achievements accurately, as well as ascertain that work submitted by students is authentic and the result of their own efforts, and consistent with established academic standards. Students are obligated to respect and abide by the basic standards of personal and professional integrity.

Violations of Academic Honesty include:

Cheating - Intentionally using or attempting to use unauthorized information such as books, notes, study aids, or other electronic, online, or digital devices in any academic exercise; as well as unauthorized communication of information by any means to or from others during any academic exercise.

Fabrication and Falsification - Intentional alteration or invention of any information or citation in an academic exercise. Falsification involves changing information whereas fabrication involves inventing or counterfeiting information.

Instructors should outline their expectations that may go beyond the scope of this policy at the beginning of each course and identify such expectations and restrictions in the course syllabus. When an instructor receives evidence, either directly or indirectly, of academic dishonesty, he or she should investigate the instance. The faculty member should then take appropriate disciplinary action.

Disciplinary action may include, but is not limited to the following:
1) Requiring the student(s) to repeat the exercise or do additional related exercise(s).
2) Lowering the grade or failing the student(s) on the particular exercise(s) involved.
3) Lowering the grade or failing the student(s) in the course.

If the disciplinary action results in the awarding of a grade of E in the course, the student(s) may not drop the course.

Faculty reserve the right to invalidate any exercise or other evaluative measures if substantial evidence exists that the integrity of the exercise has been compromised. Faculty also reserve the right to document in the course syllabi further academic honesty policy elements related to the individual disciplines.

A student may appeal the decision of the faculty member with the department chair in writing within five working days. Note: If, at any point in this process, the student alleges that actions have taken place that may be in violation of the Murray State University Non-Discrimination Statement, this process must be suspended and the matter be directed to the Office of Equal Opportunity. Any appeal will be forwarded to the appropriate university committee as
determined by the Provost.
