DEPARTMENT: ECE      COURSE NUMBER: EDU 663      CREDITS: 1-3

I. TITLE: Workshops in Environmental Education

II. CATALOG DESCRIPTION: Selected workshops in environmental education. Repeatable to nine hours. Graded pass/fail.

III. PURPOSES: To provide formal structure for investigating the range of curriculum materials and activities presented by the interdisciplinary nature of environmental education. To further an objective approach to current environmental issues while helping students develop an environmental ethic through an active learning process.

IV. COURSE OBJECTIVES: The behaviors indicated below are understood to be reflective of but not limited to those advocated by the Kentucky Education Reform Act guidelines. Curriculum connections will be made with KERA Initiatives: Kentucky Learner Goals and Academic Expectations, Program of Studies, and Core Content. Following each objective, and enclosed in parentheses, are numbers which reference Kentucky’s New Teacher Standards. In addition these objectives are also keyed to the North American Association for Environmental Education and the Environmental Education (NAAEE) Standards.¹ As a result of participation in this course students will:

1. Relate current, regional and specific environmental education issues and place them in active, hands-on format for their constituents (ETS 2/ NAAEE 1, 2, 3)
2. Create, adapt, and adopt curriculum that integrates the disciplines and that builds on a theme of environmental education (ETS 1, 2, 3/ NAAEE 1, 2, 3, 4)
3. Provide active, experiential models for essential learning in environmental education that intersects the Core Content for Assessment and the Program of Studies (ETS 1, 3, 4, 5/ NAAEE 3, 4)
4. Identify and make use of resource materials from local, state, and national agencies which support the environmental education curriculum (ETS 1, 2, 3, 4/ NAAEE 3)
5. Construct a personal environmental ethic and definition of environmental education (ETS 2 / NAAEE 2, 3)
6. Compare, contrast, analyze, and discern conflicting environmental claims (2/ 3)

The COE Theme of Educator as Reflective Decision-Maker is addressed in this course by having students collect data or journal with regard to ecosystems, change over time, or environmental problem solving. They then reflect and formalize this in three formats, through the written word that may include poetry, prose, or scientific documenting, and then provide a visual record through photography or other artistic forms to complete the process.

The EPSB themes that are addressed include “diversity,” “literacy,” and the “achievement gap.” Diversity is addressed through connecting the need for human diversity through modeling this through ecological diversity that states the “health of an ecosystem is directly related to the amount of diversity displayed by the ecosystem.”

V. CONTENT OUTLINE: Using the chosen topic, project, or problem to broaden the students’ knowledge, understanding, awareness and potential for action will be impacted regarding the following:
   a. Current environmental issues at the local, state, national, and international levels
   b. Balancing the issues and facts
   c. Sustainability and its impact on the environment
   d. Activities to address issues and sustainability topics
   e. Identify specific environmental education curriculum projects and how these can become infused into the current Program of Studies and Core Content for Assessment being taught in the schools
   f. Model the use of hands-on, minds-on activities, their interdisciplinary nature, and their relationship to national standards in the disciplines
   g. Understanding the Kentucky Environmental Education Master Plan
   h. Problem solving skills for conflict resolution
   i. Using technology as a tool for problem solving about the environment

VI. INSTRUCTIONAL ACTIVITIES: Experiences in the field will be provided that relate not only the Core Content for Assessment and the Program of Studies, but includes modeling activities and programs that hands-on approach. These may include programs and certification in the following:
   a. PLT
   b. WET
   c. WILD
   d. FLP
   e. Leopold
   f. OBIS
   g. ESSENCE
   h. Agriculture In the Classroom
   i. Project Adventure/ Building Community/ Team Building
   j. Advanced Outdoor Classroom
k. 1850’s Far and Adaptations
l. Water Study
m. Watershed Study
n. Arts in the Environment
o. Photography in the Environment (non-camera and camera)

VII. FIELD, CLINICAL AND/OR LABORATORY EXPERIENCES: Field trips to Land Between the Lakes, the 1850’s Farm, the Nature Station, the dams, wastewater treatment plants, land-fills, Saleto Center, the Resource Room of the Center for Environmental Education, the non-formal education community, including the NRCS, Fish and Wildlife, 4-H, Soil and Water Conservation Service.

VIII. RESOURCES:
   a. Center for Environmental Education, MSU
   b. Department of Agriculture
   c. Department of Fish and Wildlife Resources
   d. 4-H
   e. Kentucky Association for Environmental Education
   f. Kentucky Division of Water
   g. Kentucky Environmental Education Council
   h. Kentucky Natural Resources and Environmental Protection Cabinet
   i. Land Between the Lakes- TVA
   j. National Resources Conservation Service
   k. Soil and Water Conservation Service
   l. Western Kentucky Environmental Education Consortium

IX. GRADING PROCEDURES: Active positive, participation is the critical factor in the grade associated with workshops. Grades will be assigned on the basis of the quality of participation during the field portion for the workshop, on the basis of self-assessment as it relates to interaction, quality of products designed, and the quality of the follow-up activities provided.

X. ATTENDANCE POLICY: This course adheres to the guidelines stated in the current MSU Graduate Bulletin.

XI. ACADEMIC HONESTY POLICY: This course adheres to the guidelines stated in the current MSU Graduate Bulletin.

XII. TEXT AND REFERENCES: Environmental Education Toolbox, ESSENCE, Kentucky Environmental Education Master Plan, Project WILD, Project Learning Tree Middle/ Secondary Modules, OBIS, Project Adventure, Leopold Project, Aquatic WILD, Project WET, WET in the City, Project Food, Land and People, WILD about Elk, Project WOW.

XIII. PREREQUISITES: NONE
XIV. STATEMENT OF AFFIRMATIVE ACTION AND EQUAL OPPORTUNITY: Murray State University does not discriminate on the basis of race, color, national origin, sex, religion, marital status, age, or disability in employment, admission, or the provision of services, educational programs and activities, and provides, upon request, reasonable accommodation including auxiliary aids and services necessary to afford individuals with disabilities an equal opportunity to participate in all programs and activities. For information regarding nondiscrimination policies contact the Office of Equal Opportunity, 270-809-3155.
