Minutes 1-14-04

Guest: Dr. Ken Purcell discussed the graduate programs. He is on the Graduate Enrollment Management Committee and discussed the work that is being done to increase graduate enrollment without increasing the need for resources. Dr. Purcell asked the CAC to help determine which programs would be the most viable to increase enrollment/capacity. There was discussion concerning the internal scrutiny of the graduate substitution forms and admissions forms and streamlining the reporting of the comprehensive exams and graduate portfolios. Dr. Purcell has been invited to readdress these issues at a future CAC.
